- '& No app install mandatory — WhatsApp engagement works too
- '& Anonymized aggregate reports — Employees' privacy protected
- '& 5-minute onboarding — Employees use enrollment code to join
- '& HR Dashboard — Real-time workforce wellness tracking

01. WHY CORPORATE WELLNESS NOW?

India workplace health crisis — the numbers you cannot ignore

India's corporate workforce is facing a silent health crisis. Stress, sedentary lifestyles, poor nutrition, and long working hours are costing companies crores every year — through absenteeism, low productivity, and rising group health insurance premiums. AORANE is the solution built specifically for Indian companies.

The Problem with Existing Solutions

Current Solution	Why It Fails
Generic wellness apps	Not India-specific, English-only, poor Indian food database, no WhatsApp integration
Manual health programs	High cost, low participation, no data, hard to track ROI
Gym/fitness benefits	Used by <20% employees, no nutrition or stress tracking
Health insurance alone	Reactive (treats illness), not proactive (prevents it)

AORANE's Approach — Proactive, Digital, Measurable

Why more individual health tracking is needed: 1. Stress & lifestyle diseases are the leading cause of illness in India. 2. Preventable lifestyle diseases cost the economy ₹1.5 lakh crore annually. 3. 73% of Indian employees report work stress. 4. 60% of lifestyle disease cases are preventable. 5. ROI on corporate wellness programs is 3.5x.

ROI Calculation for a 200-person IT Company

Even 10% reduction in absenteeism at ₹2,500/day/employee = ₹60 Lakh/year saved. AORANE costs ₹35,988/year. ROI = 1,567%. Health insurance premium can reduce 5-15% with documented wellness program.

02. BUSINESS PORTAL — COMPLETE FEATURE SET

HR Dashboard built for Indian corporate wellness management

Dashboard — Real-time Workforce Intelligence

Workforce Health Index — Aggregate health scores across all employees (0-100 scale)

Enrollment Progress — Track how many employees have joined and activated

Member Management

Employee Directory — Search by name, department, AORANE ID, Dept

Bulk Onboarding — Create thousands of users for departments in bulk

Analytics & Reporting

Report Type	What It Shows
Weekly Health Report	Automated Monday morning summary of workforce health trends for leadership
Department Comparison	Compare health scores across departments — identify at-risk teams
Absenteeism Correlation	Link health data to attendance patterns — prove ROI to management
Nutrition Trends	Aggregate meal patterns — identify if team is skipping meals, overeating
Stress Heatmap	Weekly stress levels by department — peak stress periods identified
Exercise Compliance	What % of employees are meeting minimum activity goals
Medicine Adherence	Aggregate medication compliance for chronic disease employees
Custom Date Range	Pull any report for any time period — quarterly reviews, audits

Communication & Engagement Tools

Broadest Announcements — Send general health challenges, wellness tips to all employees

Workshop Challenges — Fun step challenges, 7-day on challenges, meditation breaks

WhatsApp — Send health challenges, wellness tips to all employees

Billing & Administration

Seat Management — Add or remove employee seats as workforce changes

Multiple Admins — Designate HR manager, CFO, and team leads as portal admins

03. EMPLOYEE APP EXPERIENCE

What your employees get — zero friction, maximum value

Each employee gets the full Aorane Pro app experience. They simply download the app and enter the company's enrollment code. Within 5 minutes, they're tracking food, stress, and exercise — with AI insights personalized to their health profile.

Core Features Every Employee Gets

Feature	What Employee Gets
AI Food Tracker	Log breakfast, lunch, snacks by photo or voice. 500+ Indian dishes recognized. Calorie + macro breakdown
Exercise Tracker	300+ exercises with MET-based calorie burn. Yoga, weightlifting, walking — all counted.
Medicine Reminder	Smart reminders for chronic disease medication. Track adherence. Never miss a dose.
Stress Tracker	Daily check-in with burnout risk score. 4-7-8 breathing exercise built in. Weekly trend.
Water Tracker	Hydration logging with daily goal. Reminder nudges throughout the day.
AI Daily Coach	Morning health brief. Personalized based on last 7 days of data. NVIDIA-powered.
Weekly Health Score	Composite score (0-100) based on food, exercise, sleep, stress, medicine.
Blood Emergency	SOS blood request. GPS-based donor search. Could save a colleague's life.

Privacy — What HR Sees vs What Stays Private

Data Type	HR/Company Sees	Employee Controls
Food logs	Aggregate calorie trends only	Full meal detail stays private
Stress levels	Department avg only	Individual scores private
Medicine data	Nothing (fully private)	Only employee sees
Exercise data	Aggregate activity %, no details	Individual workouts private
Blood reports	Nothing (fully private)	Only employee sees
Health score	Anonymized range (Good/Fair/Poor)	Actual score private

DPDP Act 2023 Guarantee: Individual employee health data is NEVER shared with employer.

Company only sees: Aggregate, anonymized, department-level trends.
This is why employees actually use it — they trust it with their real health data.

04. ONBOARDING IN 3 STEPS

Your entire workforce on AORANE in under a week

01

Sign Up Business Account

Register on aorane.in/business. Takes 5 minutes. Fill company name, GST, HR contact. Get instant portal access.

02

Generate Enrollment Codes

Create a bulk enrollment code for your company from the Business Portal. One code for all employees. Can restrict to verified email domains.

03

Employees Join

Share code via email, WhatsApp, or HR announcement. Employees download Aorane app, enter code, complete 5-min onboarding. Done!

05. PRICING PLANS

Transparent, affordable, GST invoice included

Plan	Monthly	Seats	Annual (20% off)	Best For
Starter	₹999	15	₹9,590/year	Small teams, startups (<15 employees)
Business	₹2,999	50	₹28,790/year	Mid-size companies (50 employees)
Enterprise	₹7,999	200	₹76,790/year	Large orgs (200+ with HR analytics)
Custom	Negotiated	Unlimited	Negotiated	Hospitals, universities, large corps

What's Included in Every Plan

Full employee onboarding (onboarding fee for all employees) for all employees

Quarterly business reviews (onboarding fee for all employees)

Tax Benefit for Companies

Corporate wellness subscription is deductible as employee welfare expense under Section 37(1) of Income Tax Act. GST input credit available for GST-registered businesses. Net effective cost after tax savings = 30-40% lower.

06. HOW AORANE IS DIFFERENT

Why 500+ Indian companies chose AORANE over alternatives

Feature	AORANE Business	HealthifyMe Corp	Gym/Fitness App	Generic Wellness
